**T.V.R. NAGAR, ARUPPUKOTTAI ROAD, MADURAI - 625 022**  
**ANNUAL REPORT 2015- 2016**

Dedicated service in the field of education since 1995 has given the school a respectable position among the schools of the city and a responsibility of efficiency continuing the legacy of imparting true education , confidence , foresight and idealism to the future citizens of our country with the Motto Achieving Excellence Together.

**“ Education is the back bone of a progressive country and heart beat of a developing nation.”**

The future of a nation is only as good as its children and the children, as good as the educational context within which they are nurtured” is a profound sentiment often expressed by scholar, visionary and former President of India Dr.A.P.J.Abdul Kalam. This rings true, more than ever before at this time. KRS has set out to secure the latter part of President Kalam’s above sentiment by providing cutting edge education & all round development to its students.

Our school plays a vital role in molding our children as good future citizens of India. They are shaped up in their behavior in each walk of life . Learning becomes purposeful & meaningful so as to enable them the fittest of the survival.

To begin with let me quote down here a famous saying by Archimedes a Greek Scientist.

**“ Give me a firm spot, on which to stand, and I’ll move the earth”.**

We do strongly believe , that our school serves as a firm spot , in bringing forth our young budding children to excel in all fields, and ultimately, to lead as good future citizens of our nation.

I express my gratitude to Our Management, beloved Secretary Sri.Dr.L.Ramasubbu, without whose guidance and pat we wouldn’t be in the right track of achieving the vision of the school. He used to say very often

**TEACH A MAN TO FISH .**

**TEACH EACH CHILD, DEVELOP WHOLE CHILD.**
